Travel Insurance Refusal Declaration

Please read carefully before you sign. If you've chosen not to buy travel insurance through your travel agent, complete this declaration.

1

Your choice

My travel agent has offered me travel insurance[^] for this trip. I have chosen to:

- ☐ buy travel insurance from another provider
- ☐ rely on my credit card's travel insurance
- ☐ travel without travel insurance

2

How it can help

I understand travel insurance can help with unexpected events, including but not limited to:

- medical and hospital costs overseas, including emergency evacuation
- cancellation costs if I can't travel as planned
- lost, stolen or damaged luggage and belongings.

Relying on credit card cover? Some credit card travel insurance has recently changed. Before you travel, check that your cover is activated, who it covers, and that its benefits and limits suit your trip.
